2026 SIRE DIRECTORY

BUCK  SNORT
RANCH

Welcome,

We would like to personally thank you for taking the time to explore our sire directory. Whether you are a longtime customer or just becoming familiar with our program, we are truly grateful for your interest.

At the core of our operation is a commitment to producing cattle that excel in real-world conditions—cattle built with structural integrity, functional performance, and the kind of maternal strength that drives long-term success. The sires represented in this directory have been carefully selected and managed with that vision in mind. Each one brings a unique combination of phenotype, pedigree, and data to help move your program forward.

We firmly believe that great cattle don't happen by accident. They are the result of disciplined selection, proven cow families, and a relentless focus on quality. Our goal is to offer genetics that not only meet the demands of today's industry but also position our customers for the future.

As you study this directory, we encourage you to reach out with any questions. We take pride in building relationships and would welcome the opportunity to visit about your program and how our genetics can play a role in your success.

Thank you again for your interest and support. We look forward to working with you.

Sincerely,

Bucksnoort Ranch

- Owned with Coleman Angus, Charlo, MT; Sandford Ranches, LLC, Greenwood, TX.
- Palermo is an exciting herd sire in the Bucksnot Ranch program and the second top-selling bull of the 2024 Coleman Angus Spring Bull Sale where he sold one-third interest at \$175,000 for a \$525,000 valuation. He recently sired 35 bulls in the 2026 Coleman Angus Spring Bull Sale that grossed \$985,000 and averaged \$28,143.
- He is as impressive of a bull as you will find from a mass and power standpoint with three-dimensional shape in an attractive, sound-structured package and perfect feet.
- He is a direct son of Serrucho, the two-time Palermo champion, back to Rubeta Fontana 7567, who is considered one of the most unique females in Argentina and gained the nickname "tank" from her added body, mass, and powerhouse phenotype.
- Palermo has caught the attention of cattlemen around the world and has an exciting future ahead.

ABOUT US – *Genetics Built to Last*

We are Bucksnot Ranch, a premium quality Angus cattle operation located in McEwen, Tennessee. Established in 2019, we have spent the last several years establishing our operation to build a solid commercial Angus herd of over 140 animals, and push these cattle to reach their highest potential. Driving this is our core values that represent what we look for in our genetic makeup: Maternal, Consistency, Longevity, and Quality.

If you're looking for semen, a new bull, bred heifers, or embryos, we surely have something for you. We welcome you to contact us for more information!
