WELCOME TO THE 3RD ANNUAL MATERNAL SOLUTIONS SALE

It is with great excitement that we welcome you to the 3rd Maternal Solutions Sale, to be held on November 6, 2026 at 12:30 p.m. What began as an idea shared among a group of like-minded breeders has grown into an event we look forward to each year. More importantly, it has become an opportunity to bring together cattlemen who share a common belief: As producers we need productive, functional, maternal cattle that work in the real world.

***As a group, our mission remains centered around four principles:
Proven, Maternal, Quality, Consistency.***

These principles guide the cattle represented in this offering and the decisions behind them. Our goal is simple—to provide genetics that can make a meaningful difference in your herd.

We are proud of the genetics represented throughout this sale and believe this offering provides opportunities for both established programs and those looking to take their next step forward. Your confidence in these programs and your willingness to invest in the future of your herd are what make this event possible. As you evaluate the offering, we encourage you to look beyond the individual lot. Consider the cow family behind it, the functionality of the individual and the opportunity that genetic package can create within your own program.

We believe great cattle are built with patience, discipline, and a long-term vision. We believe the cow remains the foundation of every successful herd. When proven genetics, maternal value, quality, and consistency come together, they have the potential to shape a program for generations.

Thank you for taking the time to study this offering.

- Palermo was the second top-selling bull of the 2024 Coleman Angus Spring Bull Sale where he sold one-third interest at \$175,000 for a \$525,000 valuation to Bucksnot RR Ranch. He is a direct son of Serrucho, the two-time Palermo champion back to Rubeta Fontana 7567-T/E, who is considered one of the most unique females in Argentina and has gained the nickname “Tank” for her added body mass, big top, stout hip, and tremendous balance and quality.
- He is as impressive of an individual as you will find from a mass and power standpoint with three-dimensional shape in an attractive, sound-structured package with perfect feet. Palermo is a full brother to the \$180,000 Coleman Angus and Hummel Livestock herd sire, South America.
- In the 2024 Your Maternal Source Sale, Palermo’s first ever daughter selling at public auction, Coleman Donna 4162, sold for \$70,000 as the second top-selling spring open heifer calf of that event. His sons, through the 2026 Coleman Angus Spring Bull Sale, generated \$985,000 on 35 sons with an average of \$28,143.
